mi homes have been a breath of fresh air for us when dealing with an estate agent. they were efficient, transparent and easy to deal with throughout each of the rental processes. following on from a recommendation, we instructed mi homes to help with our rentals at charlotte court, 30 units in barnet, and we can honestly say that they have been a pleasure to deal with from the very beginning.

we instructed mi homes in order to assist with our first major rental development project at newby house in southgate. they were the most active agent out of the three by far, and their professionalism and service throughout was nothing but exceptional. from their level of performance, marketing ability and calibre of tenants secured, we have no reservations in recommending the use of mi homes' services to anybody. we have been extremely impressed from the beginning and very satisfied with their results.
